

## Taipei Adventist American School (TAAS) Technology Device Guidelines--iPad

---

The TAAS Technology Device Program has been implemented in accordance with best practices in educational technology. Each student is provided with a device to use and for which they will be responsible during their time at TAAS. Proper care of this device will ensure that it lasts for its intended 4 year life-cycle.

### Grades 6-8

---

- Students will receive their same device from last year.
  - They have been checked and repaired if needed.
  - Students must complete the TAAS Technology Use Agreement. It must be signed by the students and parents.
  - Chromebooks will be handed out by the homeroom teacher with orientation being done during the IT class periods.

### Grade 5

---

- Fifth grade and up, including new students, will receive a Chromebook that will be handed out in school during the first month
  - Students must attend Chromebook orientation held during the school day.
  - Students must complete the TAAS Technology Use Agreement. It must be signed by the students and parents.
  - Chromebooks will be handed out during the school day.

### Grades 1-4

---

- Students will receive an iPad that will be handed out in school during the first month. This device will be for their use through the 4th grade.

## Returning your iPad

iPads (with originally supplied charger) will be returned during the final week of school so they can be inventoried, repaired, and stored for the summer months. If a student transfers out of the Taipei Adventist American School during the school year, the iPad (with originally supplied charger) will be returned at that time.

Students must complete the TAAS iPad Condition Return Form when returning the iPad at the end of the year (or upon exiting the school).

Individual school iPads and accessories must be returned to the homeroom teacher at the end of the online school sessions. Students whose enrollment is withdrawn or terminated at TAAS for any reason must return their individual school iPad on the date of termination. If a student fails to return the iPad at the end of the online school session or upon termination of enrollment at TAAS, the student will pay the replacement cost of the iPad and/or accessories. Failure to return the iPad will result in a theft report being filed with the proper authorities. If the iPad or any accessories are returned in damaged or otherwise unsatisfactory condition, a fee will be assessed to cover the repair or replacement of the device(s).

## Taking care of your iPad

Students are responsible for the general care of the iPad they have been issued by the school. iPads that are broken, or fail to work properly, must be taken to the Help Desk as soon as possible so that they can be taken care of properly.
